PICTURES

Put a smile on your guests' faces! While you are off taking photos after your ceremony we draw their cartoon portraits. The pressure is off you, the guests are occupied and entertained until you return for the reception and they get a great personalized memory piece to take home.

UNFORGETTABLE
RECEPTIONS

We draw cartoon portraits right through from the end of the ceremony until the reception ends, working in sync with speeches, dinner and all scheduling. The cartoons are great icebreakers and conversation pieces and bring a fun energy to the evening!

EXTRAS Get creative with personalized drawing paper (pre-printed with the couples' cartoon portait, graphic icons, theme, slogans, date, etc.). Couple can be drawn in a wedding theme or typical hobby or interest and once created, the cartoon can be applied on a website, invitations, thankys, wine labels, and even room decor.
